#### Autumn Gallery

**Tour** 

#### Group Show UNHEIMLICH

The show took place 12th/13th September during the Autumn Spinnerei Gallery Tour. The exhibition title is derived from the concept of the "uncanny" which was elaborated on and developed by Sigmund Freud in his essay "The Uncanny" published in 1919. It generally means the opposite of what is familiar, however the feeling of the uncanny by Freud, derives from something unfamiliar but at the same time familiar. LIA artists Ryan Daffurn (Australia), Line Gulsett (Norway), Daniel B. Horowitz (USA), David- Ashley Kerr (Australia), Elise Lafontaine (Canada), and Elena Vonbrota (Italy) were thinking about the uncanny in contemporary society and taking references on the Freudian concept in their works.

#### Open Studios and Artist Presentations

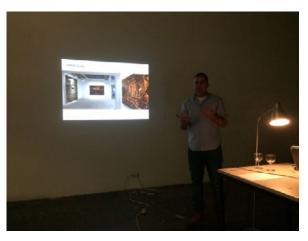

In cooperation with the German-Israeli Society Leipzig as well as the Leipzig Opera Ball LIA organized international artist talks and open studios on 22nd October. Presentations were given by Oren Eliav (Israel), Ryan Daffurn (Australia), David-Ashley Kerr (Australia), and Elena Vonbrota (Italy). The talks offered insides into the work process of the artists and showed similarities in their approaches such as the role of the human figure in David-Ashley Kerrs photographic works and in Oren Eliavs and Ryan Daffurns oil paintings. We cordially thank Danilo Friedrich for his cultural engagement and the German-Israeli Society Leipzig for their kind support and generous buffet.
