The Goethe-Institut is the cultural institute of the Federal Republic of Germany. We promote knowledge of the German language abroad and foster international cultural cooperation. We convey a comprehensive image of Germany by providing information about cultural, social and political life in Germany. This project is funded and managed by the Goethe-Institut Denmark.

LIA-Leipzig International Art Programme (www.LIAp.eu) is a ten year old art programme and nonprofit artist residency at the Spinnerei Leipzig, a 10 hectare big art factory of studios, galleries and art institutions.

We offer an 80 m² furnished **studio** to live and work in and a one-time payment of **500 €** towards travel costs and material. Please note that the residency does not include any further fee or stipend. Therefore you might want to apply for further funding for travel, material and living costs in your home country.

Please see www.monocle.com/film/culture/leipzig-s-artist-studios/ as well as [the LIA web-site](#) and click on **application** for further information of all services included. The stipend also includes a group show in September during the Gallery Tours of the Spinnerei (www.Spinnerei.de / www.spinnereigalerien.de)

Full payment for the **production of one print theme** at Atelier für Radierung Maria und Vlado Ondrej (www.radierung-leipzig.de) etching studio is included in the residency. This project aims at a Northern European print edition being produced to be part of a traveling exhibition given your permission.
